Dear Sir:

The following Amendment and Remarks are being provided following a telephone interview with the Examiner and Supervisory Patent Examiner. Consideration of the accompanying Supplemental Amendment and Remarks is respectfully requested.

In the Claims

Please amend claims 1, 21, 40, 43, 47, and 51 as follows. Per 37 C.F.R. §1.121, amended claims are also shown in Appendix A with notations to indicate changes made. For convenience, all pending claims are provided in Appendix A.

D1

1. (Three Times Amended) A graphical user display for providing real-time process information to a user for a process that is operable under control of one or more process variables, wherein one or more of the process variables has high and low process limit values associated therewith, the graphical user display comprising one or more graphical devices, wherein each graphical device corresponds to a process variable, wherein at least one graphical device for a corresponding process variable comprises:
